

Hat Sizing Guide

1 HOW TO CALCULATE YOUR HAT SIZE

Hats are sized and ordered by cm circumference of the wearer's head. The head is measured using a dress-makers tape, wrapped across the bare forehead and just above the ears. The measurement is rounded up to the next largest full cm. eg. from a 57cm head measurement, a 58cm hat is selected.

YOUTH	S	M	L	XL
SIZE (CM)	54	56	58	60

Measuring Your Head

Place a measuring tape around your head, in centimeters if possible.

Try not to pull to tightly on the tape as you do not want the hat to sit to tightly on your head!
